## PLANS NEARLY COMPLETE FOR MEMORIAL DAY, MAY 30

Exercises at Hollywood Cemetery Expected to Be More Elaborate Than Usual.

TO BE LARGE MILITARY DISPLAY

Pennsylvania Veteran Corps, Guests of Richmond Grays' Battalion, to Take Part in Great Parade.

While still incomplete, the arrangements for the celebration of Memorial Day on next Saturday indicate that the occasion will be one of the most elaborate in recent years. As usual, the Hollywood Memorial Association has charge of the exercises at the cemetery, and it is expected that all Richmond will turn out to do homage to the thousands of Confederate dead who sleep among its green hills.

Plans have been perfected for one of the largest military parades in the history of the city, with the exception of those of reunion years. In addition to the local companies, it is expected that at least one large Northern organization may participate in it. This command, the Pennsylvania Veteran Corps, with several hundred members, all dressed in a distinctive uniform, will be here as the guests of the Richmond Grays Battalion.

In addition to the organizations that have previously participated in the parade, the Signal Corps, which has only recently been added to the roster of the Virginia Volunteers, will be in the line with about thirty members. The First Regiment Hospital Corps will also be augmented by a number of men from the field hospital, which has been in process of formation for several months.

During the past two years the Memorial Day parade has not had the Howitzers and Blues at the same time, as one or another has been absent from the city. This year both will be in line, the artillerymen in their brilliant blue and red uniforms, with about 100 men, and the Blues, in their handsome blue and white full dress, with four companies and a band.

**GRAYS WILL APPEAR IN NEW UNIFORMS**  
The Richmond Grays, for the first time, will appear on the streets in the full dress uniform of Confederate gray, with white and black trimmings. The battalion will be accompanied by its band, under the leadership of Joseph Kesslich.

The Signal Corps will not be in a position to wear its dress uniform, but will appear in olive drab service uniforms, with side arms. This organization will have its mounted outfit in readiness, however, for the Confederate reunion next summer.

As yet, the speaker for the exercises at Hollywood has not been selected, but it is expected that he will be named early in this week. Flowers will be sent here from all parts of Virginia to lay on the graves of the Southern defenders. The railroad and the Southern Express Company have agreed to transport them free of charge on Friday, if addressed to the Hollywood Memorial Association.

**Brigadier-General W. B. Freeman**, commander of the First Brigade, United Confederate Veterans, has been appointed chief marshal, and through his adjutant, Lieutenant Colonel Thomas J. Davis, has issued the following orders for the parade:

"Military organizations participating in the Hollywood Memorial parade will report to the chief marshal at Third and Franklin Streets May 30 at 4 P. M., and will observe the following formation:

"Mounted police, chief marshal and staff and automobile, with Governor of Virginia, General J. Thompson Brown and Staff, will assemble on Franklin Street, between Second and Third Streets.

"Richmond Battalion, Light Infantry Blues, with band, will take position on Franklin Street, north side, facing south, right resting on Third Street.

"First Virginia Volunteer Infantry will take position on left of Blues' Battalion.

"Richmond Howitzers will take position on left of First Virginia Regiment of Infantry.

"Signal Corps on left of First Virginia Regiment.

"Confederate battalion will take position on Franklin Street, north side, facing south, right resting on Adams Street.

"Carriages containing Confederate organizations and guests will assemble in single file on north side of Grace Street, facing west, and will await orders from chief marshal.

"In the order named, proceeding via Franklin, Laurel and Cherry Streets to Hollywood Cemetery."

**LOVING CUP PRESENTED TO JAMES C. DRINARD**  
Resigns Position as Foreman of the Times-Dispatch Composing-Room After Nine Years' Service.

James C. Drinard, for the past nine years foreman of the composing-room of The Times-Dispatch, severing his connection with the paper with this issue, to engage in other business. Mr. Drinard entered the employment of the Richmond Times in November, 1895, and has been with the paper continuously since. He was made foreman of the composing-room on June 26, 1905.

Friday afternoon the employees of the mechanical and news departments assembled in the composing-room just before the machines started for the night, and presented to Mr. Drinard a handsome silver loving cup, suitably inscribed, which was accepted by him with thanks. The presentation was made by Wilton O. Allen, the senior employee of the paper in point of continuous service. In accepting the cup, Mr. Drinard referred to the years of pleasant association and hard work put into the daily production of a well-printed paper, and especially acknowledged the loyal support given him by the composing-room employees.

**PHYSICAL DIRECTOR RESIGNS**  
L. T. Jones Will Give Up His Work in Public Schools at End of Term.

Announcement that L. T. Jones, for the past three years director of physical education in the public schools, had tendered his resignation, to take effect at the close of this term, was confirmed last night by Dr. J. A. C. Chandler, superintendent. It is understood that Mr. Jones is giving up this work to enter upon a new field, but will probably remain in Richmond.

Dr. Chandler spoke of Mr. Jones in the most appreciative terms, and said that he regretted that he had given up his work in the school, his efforts having proven of much benefit.

There are many applicants for the position, but it is not expected that the School Board will go into the election of a successor until the matter has been thoroughly considered.

**Railroad Assembly Organized.**  
There was organized in Galeski Hall, 737 East Main Street, Friday night, the Richmond, Fredericksburg and Potomac Railroad Assembly, No. 6, a branch of the American Association of Railroad Employees. The following were elected officers: C. C. Cooper, president; P. T. Dickinson, vice-president; M. E. Johns, secretary; A. L. Womack, prelate; Jacob Goldin, warden; and John Lippcomb, guard. After the meeting a smoker was enjoyed, and speeches were made by the new officers.

## TAX COMMISSION WILL HAVE PUBLIC HEARINGS

Adjourns to Meet at Old Point on June 4—Will Sit Later at Big Stone Gap.

Having mapped out a plan of procedure and effected permanent organization, the State Tax Commission, which has been sitting in the Capitol for several weeks, adjourned yesterday to meet again at Old Point Comfort on June 4 and 5. This meeting in the Tidewater will inaugurate the first of the public hearings of the commission to be held in various sections of the State for the benefit of all communities and interests.

Returning from the seashore to the Capitol, the commission will devote some time to the digestion of the information obtained there. On June 16 and 17, there will be public hearings of the representatives of the railroads, and public service corporations, while on June 18 insurance companies will be heard, and on the following day wholesale and retail merchants will be asked to present their side.

The commission will then go to Big Stone Gap, where it will hold public hearings of the mining industry. The day following it will go to the Shenandoah Valley, where it will hold public hearings of the agricultural and stock raising interests.

From its peripatetic hearings in June the commission expects to gather sufficient information to add to the available data and statistics to begin the campaign against the delinquents to make them fall into line.

Already the revenue from the automobile license tax has gone beyond the revenue from the same source in 1913. To date the tax has netted \$8,292, as against \$4,600 during all of last year. It is estimated that this revenue will approximate \$10,000 before the end of the current year.

The money taken in from the licensing of motor vehicles goes under the name of the State Highway Commission, to be used exclusively on the construction of roads. Commissioner Coleman is making a vigorous campaign to have this law amended so as to apply the revenue from the automobile license tax exclusively to the maintenance of highways already constructed.

**COMMITTEE NAMED**  
Will Consider Plans for Proposed City Hall Annex and Courthouse.

Appointed to a special joint committee on a municipal building, the Ford Hotel site was made yesterday by the city council. President H. Lee Peters, C. C. Jones and M. E. Allen, President of the Board of Aldermen, and the Mayor, the presidents of both branches of the city council are members of the special joint committee.

The committee will consider a \$50,000 bond issue to pay for the building. The question of leasing bonds will go before the Finance Committee as plans. The committee will probably meet early this week.

**EARNINGS SHOW DECREASE**  
Seaboard Issues Statement Covering Second Week in May.

Seaboard Air Line Railway approximate gross earnings for the second week in May were \$13,229, a decrease of \$2,534 as compared with the same period last year. For the period from July 1, 1913, to May 15, 1914, the approximate gross earnings have been \$2,282, as compared with \$2,138 for the same period last year, an increase of \$1,444.

**Uitely Held for Assault.**  
Charged with assaulting Margie Fagan, who lives at 413 North Fifteenth Street, H. E. Uitely, twenty-two years old, was arraigned before Justice Crutchfield yesterday morning in Police Court, and on account of the condition of his alleged victim, was ordered held over until May 28.

The Fagan woman filed at the man several times, and he attempted to enter her house. He retaliated by hitting her over the head with a stone. Nine stitches were taken in her scalp.

**Council Committee Schedule.**  
Six Council committee meetings are scheduled for this week. The Street Committee is called to meet to-morrow afternoon at 5 o'clock. The Finance Committee meets to-morrow night at 8 o'clock. The Committee on Public Buildings, Properties and Utilities also meets to-morrow night at 8 o'clock. The Committee on Claims meets on Tuesday afternoon at 5 o'clock. The Committee on Ordinances meets Thursday afternoon at 5 o'clock, and the Committee on Advertising Thursday night at 8 o'clock.

Ice Last Longer  
Food is Better  
Preserved

This is the result when you use one of our

Refrigerators  
Lined With Mineral Felt

This filling possesses great advantages over other fillings, from the fact that it cannot settle in the walls, leaving the ice chamber unprotected, nor can it sift through the joints, soiling the refrigerator, as in the case of powdered charcoal, etc. We have a size for every family, and the price will suit your purse, too. Come in and let us show you the many designs we have on our floor.

Rothert & Co.  
Fourth and Broad Streets.

## NUMBER OF LICENSES PASSES 10,000 MARK

Revenue From Special Tax on Motor Vehicles Exceeds Amount From That Source Last Year.

For the first time in the history of the automobile industry in Virginia, there are now more than 10,000 licensed motor vehicles in the State. The 10,000 mark was passed yesterday by Chief Clerk J. M. Hayes, Jr., who has charge of the license tax imposed by the State through the office of the Secretary of the Commonwealth on motor driven vehicles. Although the year is not yet half gone, the number of automobiles in Virginia on this date is far in excess of the total number licensed in all of 1913.

When he closed his office yesterday Mr. Hayes had licensed for 1914 just 10,100 motor cars, which is exclusive of the special license issued to automobile dealerships. He has already issued 10,000 licenses to the State 148 licenses, which are used on many more than that number of cars. In 1913 there were in all 5,922 automobiles licensed in Virginia. Judging from past experience, it is conservative to expect 2,000 more machines to be licensed before the expiration of 1914.

The collection of the automobile tax is a difficult matter, and there is no adequate machinery supplied for the enforcement of the license in rural communities. Mr. Hayes frankly admits that there are many automobiles in out-of-the-way spots, which are operating under 1913 licenses. He is planning, however, to take shortly a campaign against the delinquents to make them fall into line.

Already the revenue from the automobile license tax has gone beyond the revenue from the same source in 1913. To date the tax has netted \$8,292, as against \$4,600 during all of last year. It is estimated that this revenue will approximate \$10,000 before the end of the current year.

The money taken in from the licensing of motor vehicles goes under the name of the State Highway Commission, to be used exclusively on the construction of roads. Commissioner Coleman is making a vigorous campaign to have this law amended so as to apply the revenue from the automobile license tax exclusively to the maintenance of highways already constructed.

## OFFERS \$1,000 REWARD FOR MRS. EVELYN THAW

Man at Park Falls, Wis., Writes Attorney-General Pollard for Information.

Where is Evelyn?  
If you know, and are willing to impart your information to an official in Park Falls, Wis., it is worth \$1,000 to you.

The assistance of the Attorney-General has been asked by the Wisconsin individual in the search for Mrs. Evelyn Nesbit Thaw, who, only a short time ago, was last heard of in evidence in Richmond. She is wanted for her cousin "on a serious charge," so the letter says, and despite her recent world-wide notoriety has apparently vanished. At least, that is what Park Falls, Wis., says.

So, if you know where Evelyn is and are willing to tell, you will receive \$1,000 reward and "no questions asked." This message, which was received yesterday by Attorney-General Pollard, is self-explanatory.

"Dear Sir,—I would like to have you try and find Mrs. Evelyn Nesbit Thaw. She was last heard of in Richmond, Va. I offer \$1,000 reward for her. No questions asked if I get hold of her. I will pay \$1,000 right away, as quick as I get my hands on her, as I have a serious charge against her. Now try and find out where she is. When you find her address where she is, I will pay you \$1,000. I also have it published to find her. Please advise me as quick as you can about this matter and also let me know how I can find her or if you will find her for me.

(Signed) "EUGENE REICHENBACH,"  
"Park Falls, Wis."

**Reunion Postponed.**  
Notice was given yesterday that the reunion of the Fifteenth Virginia Regiment, originally the Third Virginia Infantry Regiment, which was scheduled to have been celebrated today, has been postponed in order to have the reunion coincide with the unveiling of the Hanover County monument to the gallant Fifteenth. The date for the unveiling and the plans for the reunion will be announced later.

**BALABANIS RETURNS**  
Greek Who Left Fourteen-Year-Old Wife Fearing She Would Object to Trip.

Fearing prosecution at the hands of his wife, John Balabanis, a young Greek, has returned to his native land, Little Gun, Balabanis, after an absence of two weeks. A report of his return was made yesterday to the local police, who were asked to locate him after his mysterious disappearance.

Balabanis, who was married to his fourteen-year-old wife on February 24 by Rev. J. W. Nixon, of the Methodist Institute, went to Madison, Wis., to secure employment. He explained his sudden trip by saying that he feared his wife would oppose his leaving her.

The Greek was located through his brother, who lives in Petersburg. He was notified that legal action would be taken if he did not support his wife. Because he was not married by a priest of the Greek Church, Balabanis considers the ceremony is not binding. He has been informed by Bertillon Operator Toler that it is legal in every respect.
